*Here is the 1981 Magnet,
intended to draw you, as a
Magnet does to steel, to happy
memories of Selma High.*

*In this Magnet, the
activities of the school year
are divided up into the seasons:
Fall, Winter, and Spring. By
dividing the Magnet in this
way, it is hoped that in the
years to come it will be easier
to see the sequence of events
of the 1980-81 school year.*

Well schools finally over, and I'm finally a BIG SENIOR... I sure have learned a lot but it's not in the books, I guess you already know that you'll always be a friend to me if you want. Sometimes it's hard to talk to you, I can't say why, sometimes when I look back, I wonder what would have happened to us, and all I can say is that it's all for the best. I guess you probably already know that I'm back to my old self again, somehow life is to easy and I always mess up, but it's been fun messing up, and when I look back, who knows, I may and may not regret it. Like I said before, I've been spoiled all my life so I guess I shall always want and get my way. Love ya,

P.S.

Have fun this summer and don't do what I do too often. I guess we all change somehow.

MAGNET STAFF

The year began with a shortage of help, problems with the photographer and Senior pictures, a new advisor, and an inexperienced staff. The deadlines which had to be met came all too fast. Everyone worked hard and did their part to get the Magnet done on time.

Some staff members had their own comments about the year. Ken Dodd: "Some events which occurred during the year were the happening of the developer (Ken) swallowing developer fluid, Cindy being a cry baby, Erin and Anne complaining, and Mrs. Mats yelling, "Ricky!" Eddie Kotoian: "The staff consisted of three very intelligent juniors, with the rest being seniors." Rick Villalobos: "The two Kathy's got through the class giggling away without doing much work." Jeff Green: "The ad section would never have gotten done if it wasn't for Jeff Green, thanks to his great effort during the summer." Jackie Smith sums it up this way: "Without the Magnet staff, you'd be holding nothing but thin air in your hands now and you'd feel kind of foolish, wouldn't you?"

DEDICATION

The Magnet belongs to the graduating Senior Class but it has been the tradition to honor one faculty member by dedicating the Magnet to that person. In years past, it was the responsibility of the Magnet Staff alone to choose to whom the honor would be given. However, this year's staff felt it was the Senior Class' right to decide to whom they wanted to dedicate their Magnet. After all the votes were counted, it was clear that Mr. Dudley was the favorite faculty member with the Class of 1981.

Although he has taught driver's training (behind the wheel), general science, general math, and U.S. history, Mr. Dudley will probably be best remembered for his economic/government and P.E. courses. Not only has Mr. Dudley been involved in giving students a sound education, but he has also taken an active part in their extra-curricular activities as class sponsor, assistant track coach and coach for frosh-soph and varsity basketball teams. He has coached one of his favorite sports, golf, for all but 5 of his 20 years at Selma High. Recreational time is spent on hobbies such as golf, watching baseball, football, traveling and hiking with his family.

On behalf of the Senior Class of 1981, the Magnet Staff has the privilege of presenting the dedication of the 1980-81 Magnet to Mr. Richard Dudley.

BEARS BEAT EMPERORS

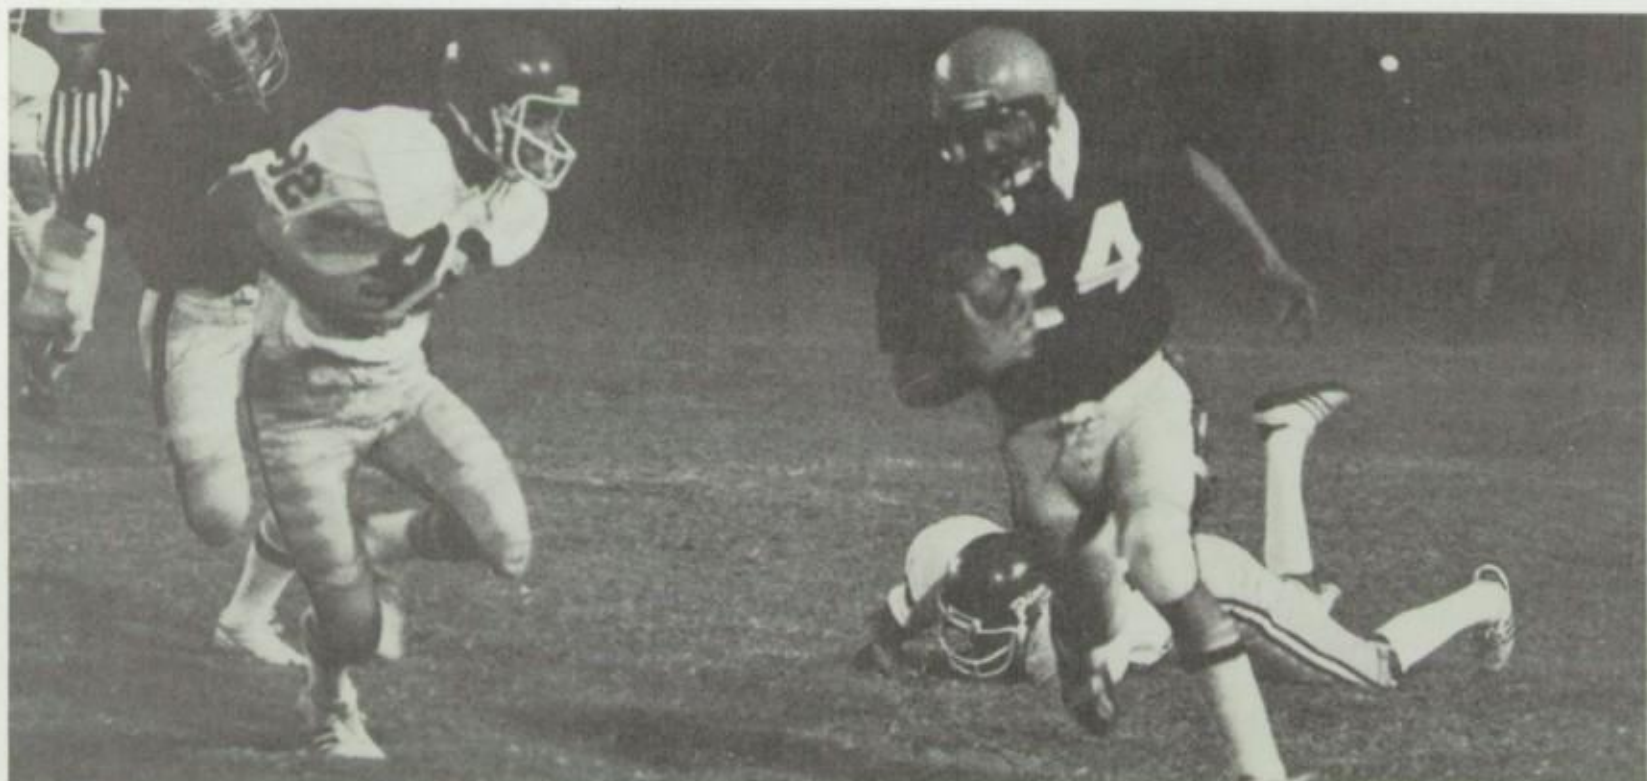

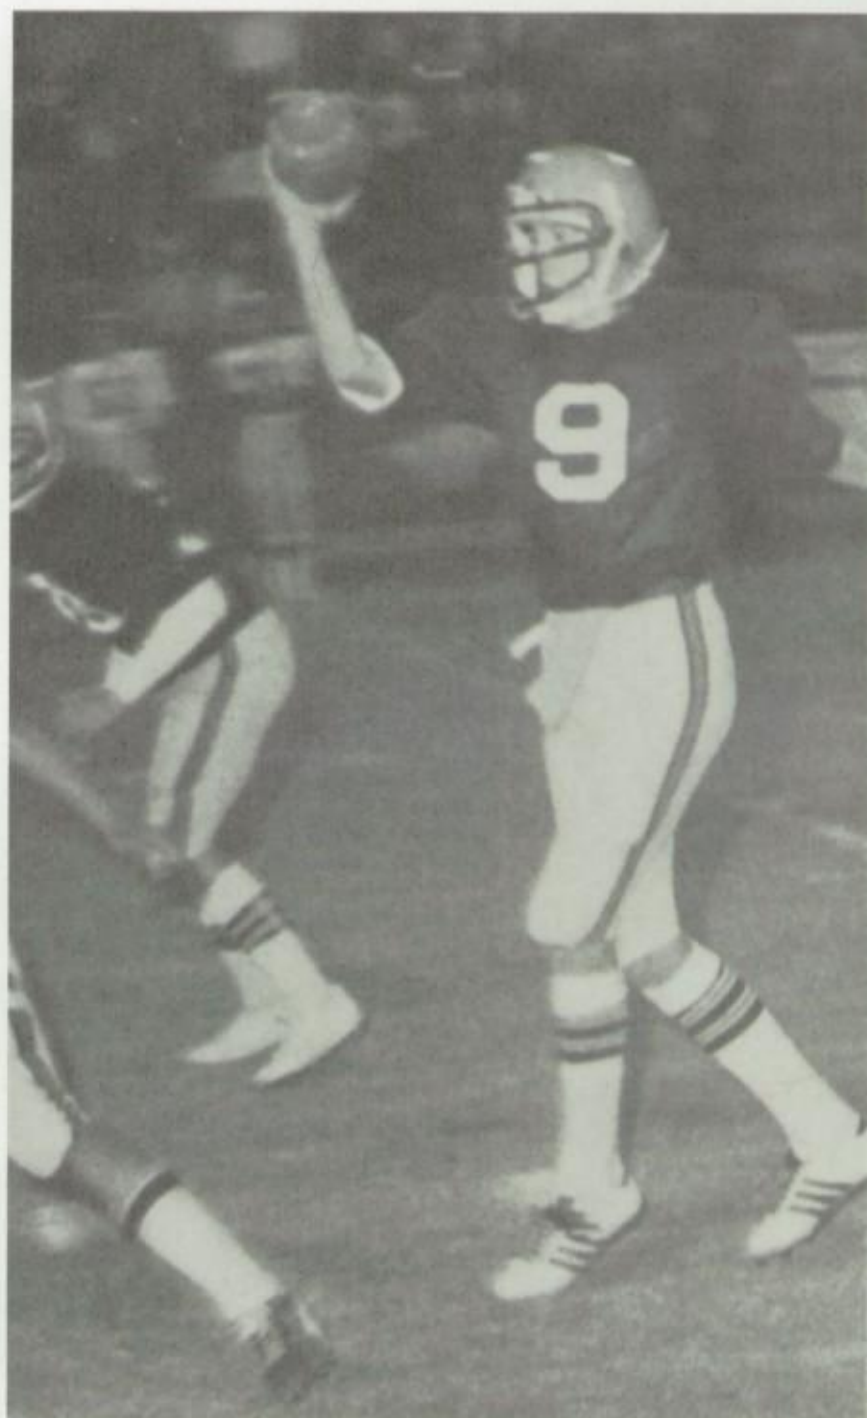

Homecoming week was capped perfectly with a 27-13 victory over the Dinuba Emperors.

The Bears scored off of their first two possessions with a five yard pass from Santos to Thornburg and a 2 yard Mosley run. Fazilian's kicks added the extra points. The rest of the scoring consisted of a 24 yard pass from Santos to Xavier, a 15 yard run by Mosley, and another Fazilian kick. Both Dinuba scores were 1 yard runs by Lunsford.

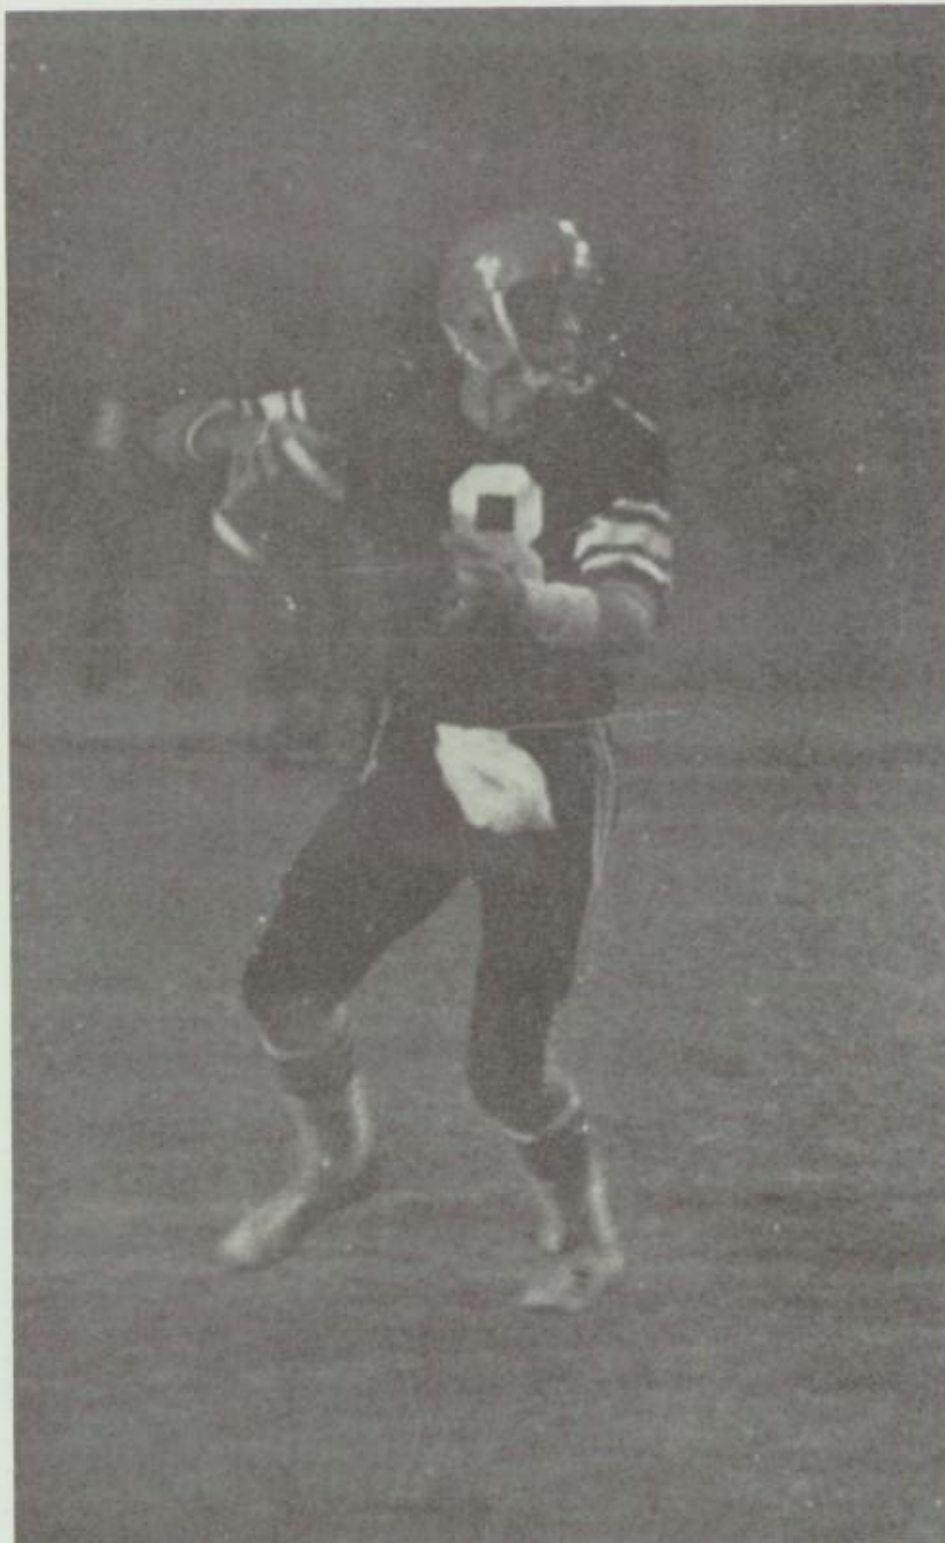

The JV game proved to be a frustrating experience for both teams as neither one scored.

HOMECOMING QUEEN

This year, while some of the usual homecoming activities may have lacked participation, the race for homecoming queen was as strong as ever. Preliminary elections were held on Wednesday, Nov. 16 and final elections were held on Friday, Nov. 18. Although attendants were announced at the homecoming pep assembly, the queen was kept a secret until Friday night at half-time. The girls were escorted by their fathers and rode in cars loaned by the Corvette Club.

SENIOR CLASS WINS

The class of 1981, with the motto "We'll Get'em in the End Bears", took 1st place.

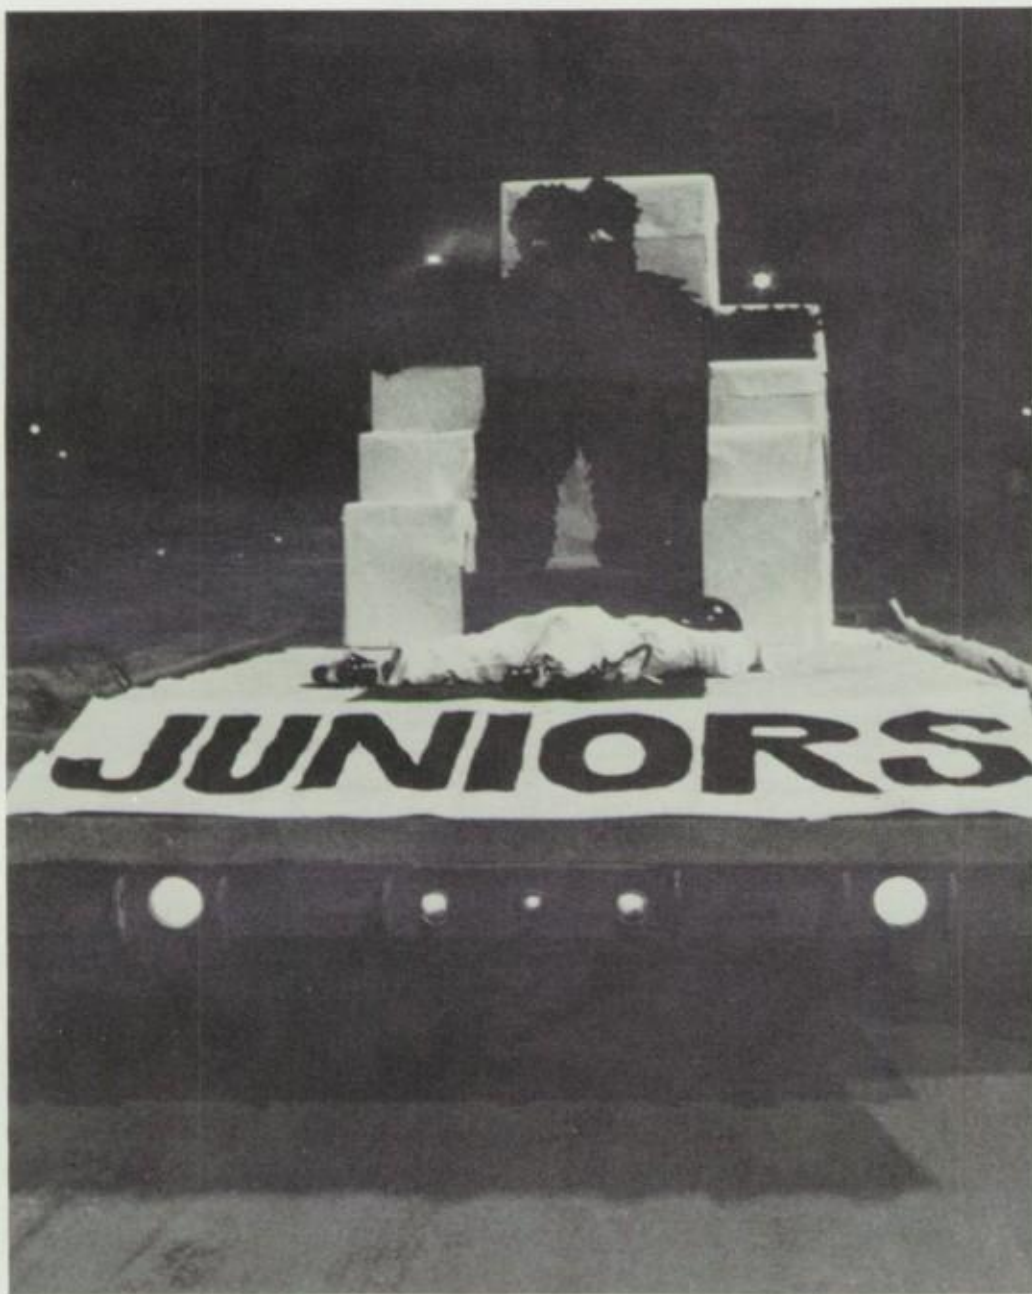

There was not as much time to work on floats this year due to homecoming being scheduled earlier in the season and a late decision on the theme, "The Year of the Bear".

Never the less, with many hours of work, a little goofing around and a bit of imagination, the floats were completed in time for their half-time parade around the football stadium on Friday, October 17th.

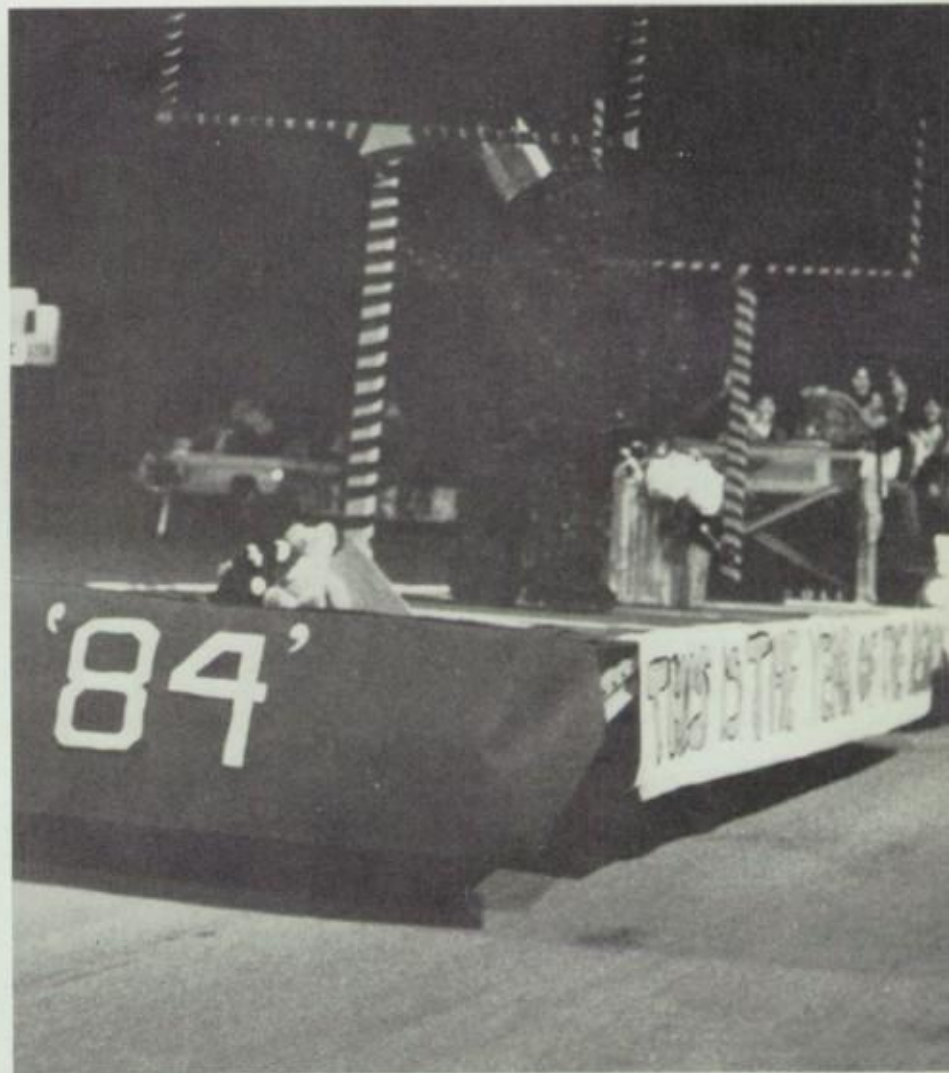

Members of Los Paisanos took first place in the club category.

ALVES NAMED ALUMNUS OF

Bill Alves was named alumnus of the year at the homecoming pep assembly on October 17. Alves was honored because of his dedicated service in maintaining the grounds and buildings of Selma schools. The life-long resident is the district maintenance superintendent and has worked for the district for 22 years. He began working for Selma schools as a night custodian to support himself as he attended college. In a few years he began maintaining the gym area, and later applied for the position of chief of the high school maintenance department. When the Selma schools were unified, he applied for the job he holds now. Alves was on the track team in high school and helped to start the cross-country program.

Spiderman strikes again.

The foot of Fazalian won this game.

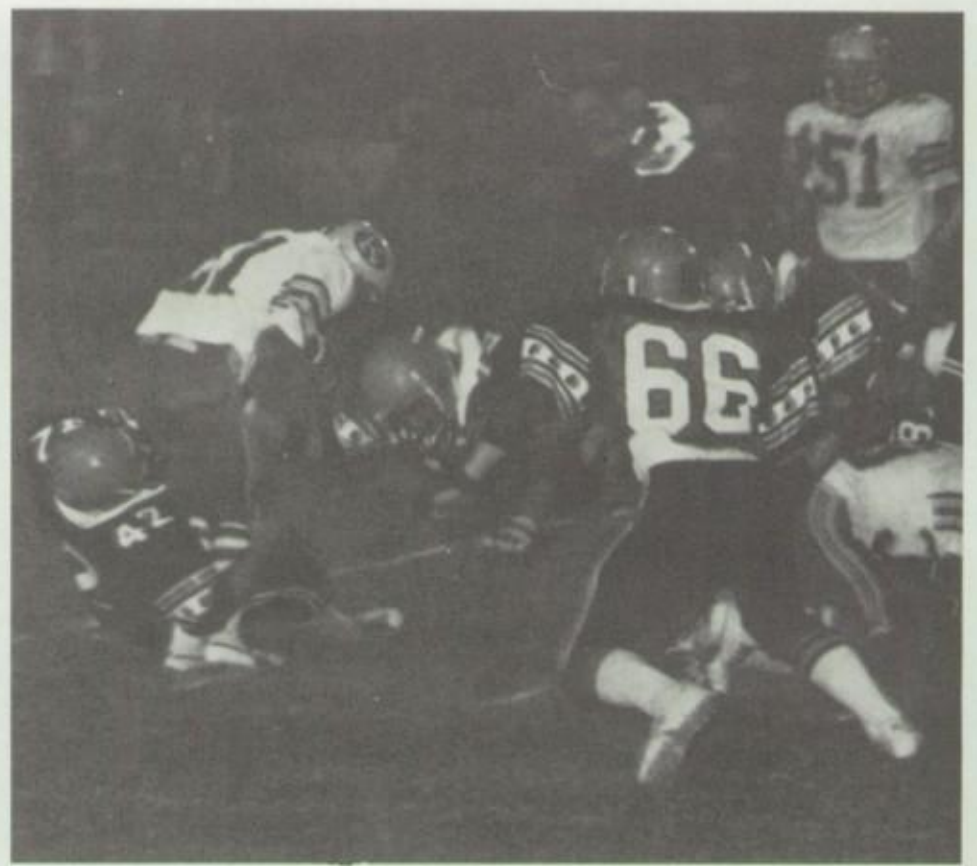

The 1980 varsity football team finished first in the CSL and went on to capture the Valley Championship with a perfect 13-0 record. The Bears breezed through the pre-season. The Bears opened the CSL with a big win over arch-rival Kingsburg. The Bears then defeated the Washington Union Panthers 3-0 to capture the CSL championship. Sierra fell victim to the Bears, as they posted their first perfect record since 1964.

The Bears opened the playoffs at home against Garces. They easily defeated the Rams 27-0. They again met the Panthers and won by a score of 17-14. The Bears met the Shafter Generals for the Valley Championship at Visalia's Mineral King Bowl. The Bears scored 12 first-half points, and then held off a valiant Shafter comeback to claim the Valley title by a final score of 12-7.

TOP ROW, left to right: Mike Torosian, Art Serenil, Jon Grillione, Robby Santos, Tiquio Holquin, Asad Husein, Tim Jorgensen, Carlos Gonzales, Scott Stark, Bobby Morales, Ted Cypert, Joey Winters, Tim Lane, Coach Craig. MIDDLE ROW, left to right: Carlos Aleman, Filemon Ramirez, Ray Hobbs, Jaime Martinez, Armando Guerra, Dickie Flores, Torey Barr, Scott Henson, Mike Fitzpatrick, Eddie Cervantez, Brian Esraelian, Henry Coronado, Juan Bejarano. BOTTOM ROW, left to right: Henry Salazar, Octavio Sifuentes, Mike Morton, Frank Castro, Keith Kobashi, John Mendoza, Kenny Nelson, Mike Reya, Darren Baker.

The Selma junior varsity finished the season with a 6-3-1 record, which was fairly successful. Twice the Cubs came very close to winning games but just didn't quite make it. But they did not take this to heart. Said Coach Craig, "We achieved one of three goals for this year—and that was to have a successful winning record; that meant a lot to the team and though they didn't win the league championship or finish undefeated (their other two goals), Coach Craig had an optimistic view: "Maybe next year. . ." Most of the team members will return next year and give it their best shot. Good luck, guys. . .

Don Mittie, Greg Dodd, Coach Taplac, Royce Henson, Joe Kirby, Mike Serpa.

The Bruins had some bad breaks this season, but they showed a lot of improvement. They also lost one quarterback in mid season and gained another shortly after a staggering 50-0 loss to Dos Palos. Though they didn't have one of their best seasons. Coach Taplac and the team never lost heart, and that was very important. Even though this wasn't the best season, there's always next year.

Dave Frenes returns a punt.

Joe Kirby prepares to pass.

This year's Selma High runners finished with a fair season. The team led by Coach Kanagaki consists of three senior Bears (Chris Zaragosa, Gilbert Cantu, Alfred Mares). The seniors turned in some outstanding performances and will be missed next season. However, returning for the Bears will be Diego Quintana, who finished 45th in a field of 100 and just missed qualifying for the valley meet. Also returning will be, Harry Wolfe, Jerry Zapata, Tim Earle, Donnie Neufeld, and Robert Salazar. Also returning for the Bears will be the team's only girl runner, Dana Jacobson, who was the only Bear to qualify for the valley meet.

FROSH-SOPH GIRLS BASKETBALL

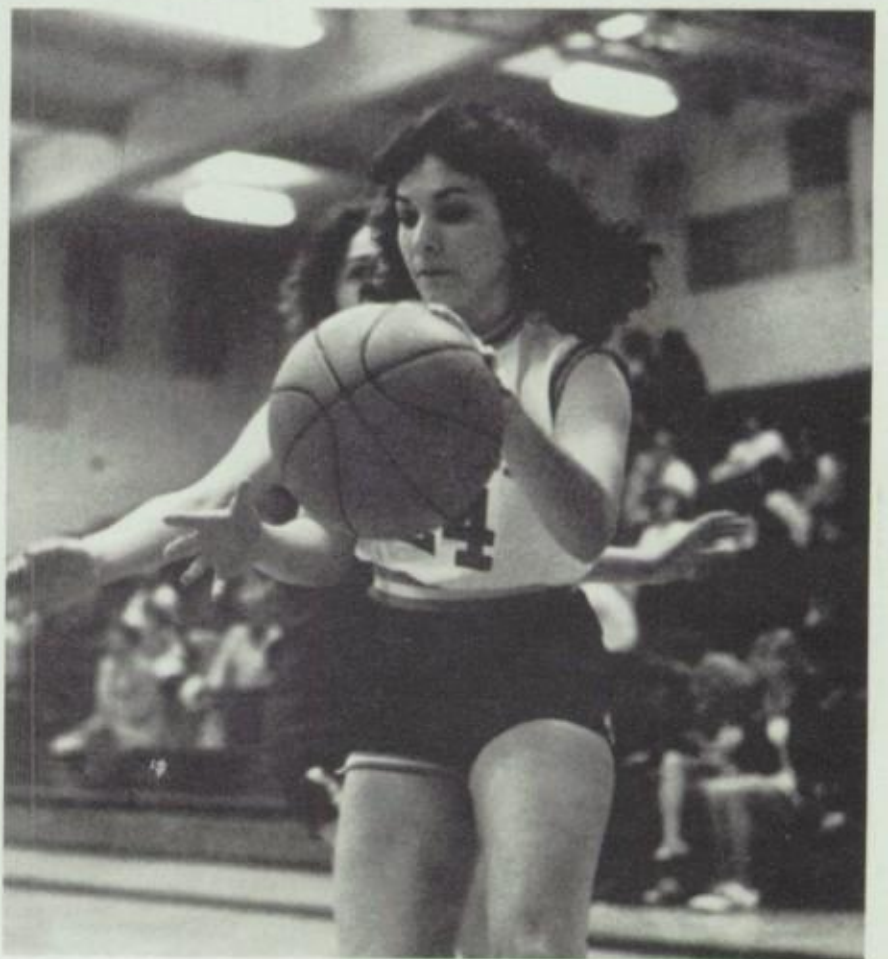

The Cubs' fourth standing in league and 10 and 10 season record was not indicative of their talent and hustle. The girls lacked consistency, but played several outstanding games, including a 27-25 victory over San Joaquin Memorial. The win was the first loss Memorial had suffered in 3 years. The team displayed unusual ability to fast break, and were offensively disciplined. Carry Verburg led the Cubs in rebounding, with guard Becky Valdez leading in scoring.

Although there was no official freshmen team, some of the freshmen members got in some playing time when freshmen games were set up. The Bruins won two and lost four.

The Bears compiled an impressive 14 and 7 record and placed third in the CSL behind the defending champion Memorial squad and Sierra.

"The girls had the caliber to get into the playoffs. They just didn't play up to their potential in what turned out to be a crucial game," Coach Lee Ault commented, referring to an upset loss to Central in the first round.

Selma came up a game short playoff-wise, losing to Memorial twice and once to Sierra and Central.

High points of the season included defeats over Washington Union both times the Bears faced the intimidating team, victories four years in coming.

The girls placed third in the Selma Tournament and won the consolation title in the Reedley tourney.

The squad loses four Seniors but retains two starters in Helena Mosley and Nancy Gee.

GIRLS VARSITY

BASKETBALL

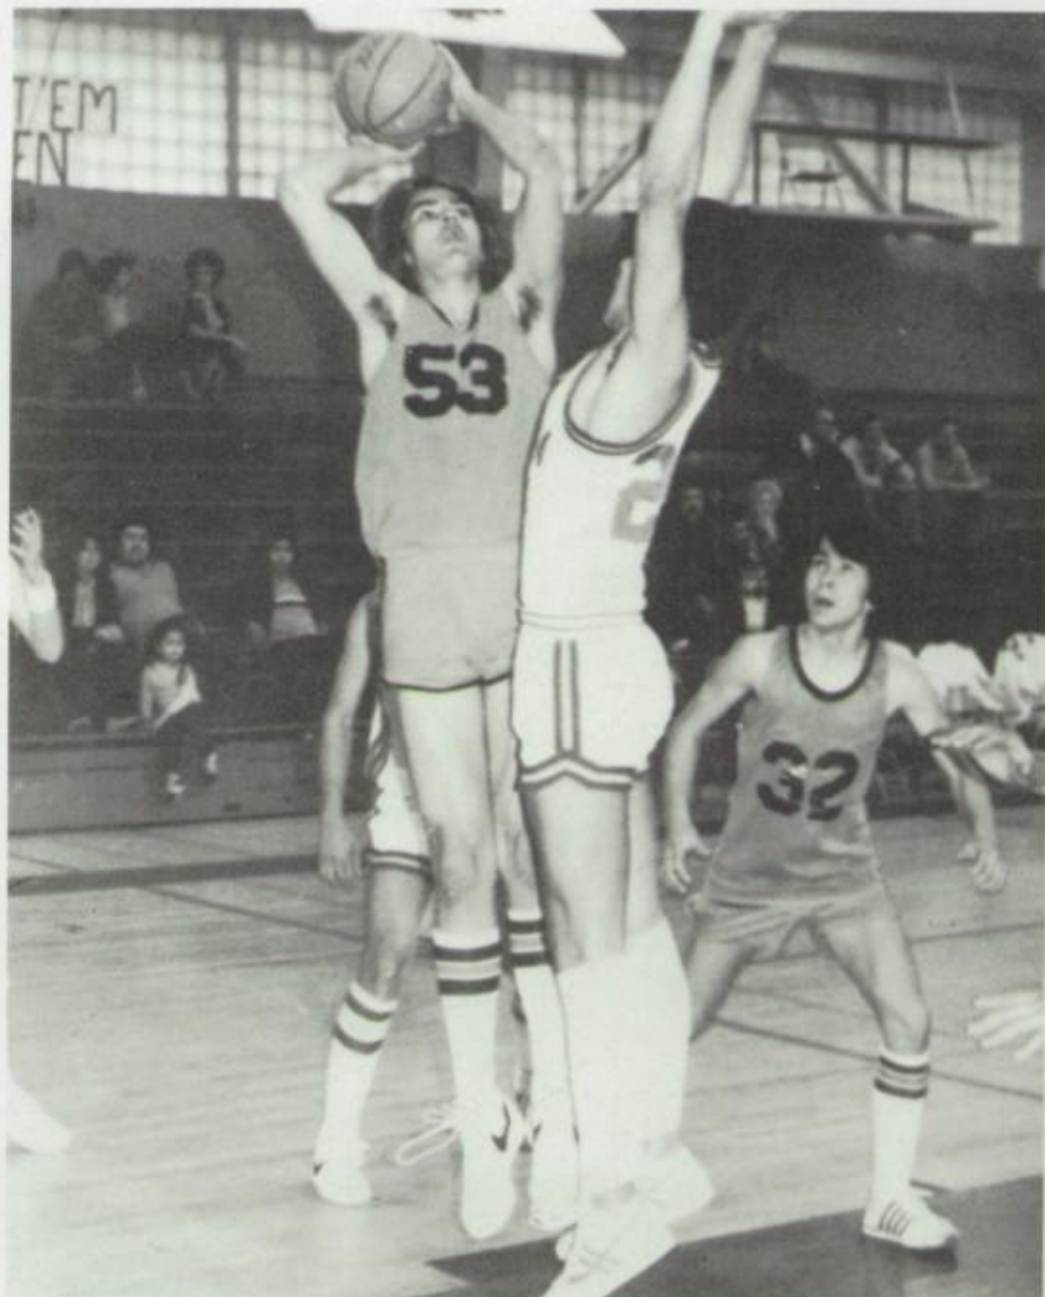

BOYS FROSH BASKETBALL

The 1980-81 freshmen boys basketball team had a weak season, winding up with two wins and six losses. Although statistics appear unimpressive on paper, the experience the boys gained under Coach Taplac's direction will prove valuable. Techniques and skills that were improved amid moral support from an enthusiastic coach should help comprise a winning frosh-soph team next year.

BOYS FROSH-SOPH BASKETBALL

The Cubs had their first winning season in five years. The season had its disappointments, as the Cubs lost several league games by a margin of four points or less. However, the season can be thought of as a success. The team, under the coaching of Larry Moore, took third place in the CSL with a 8-4 league mark.

BOYS VARSITY BASKETBALL

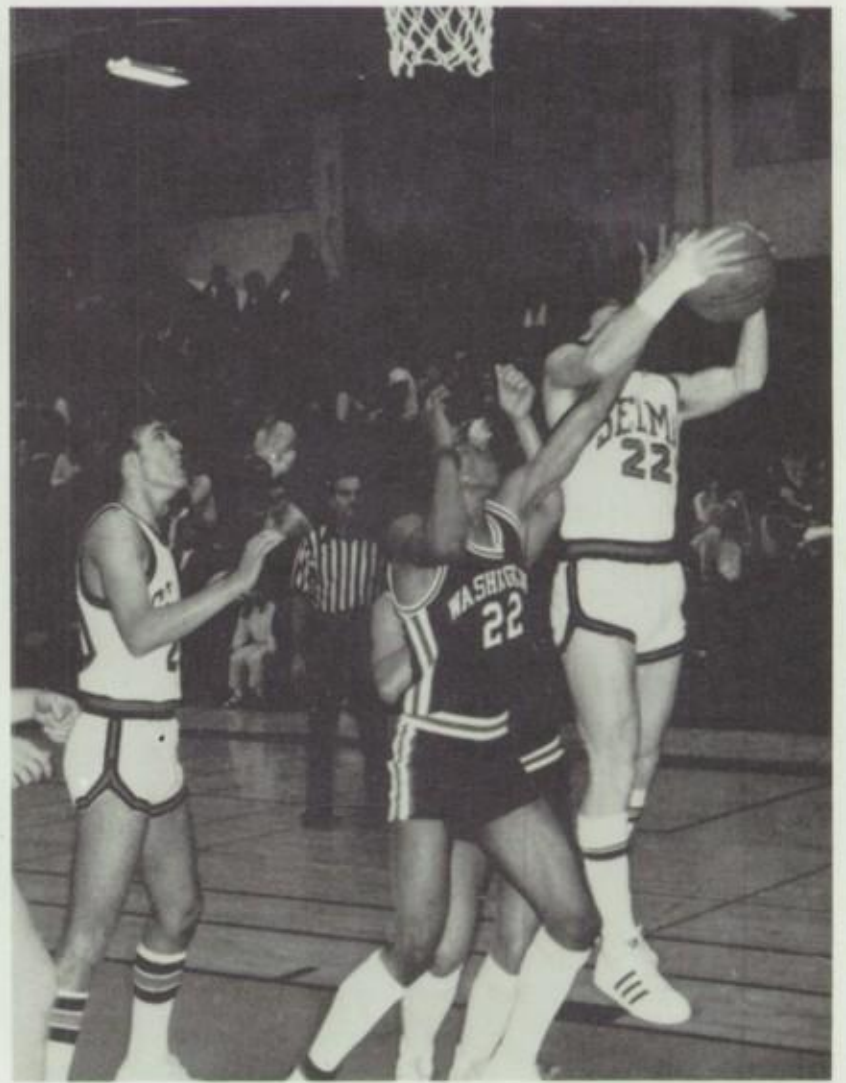

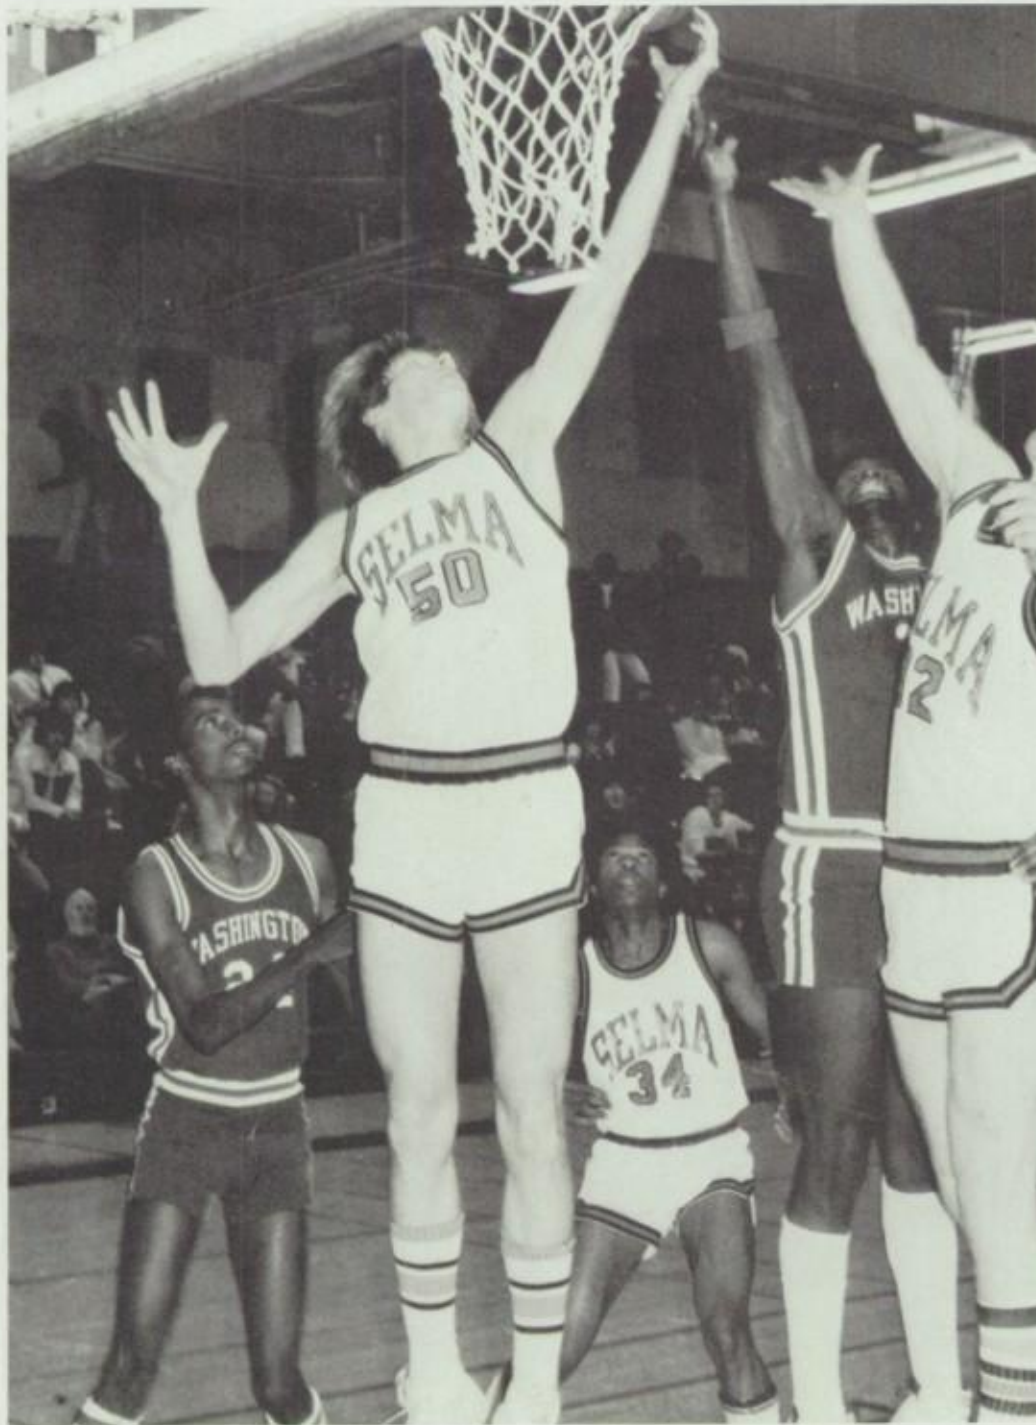

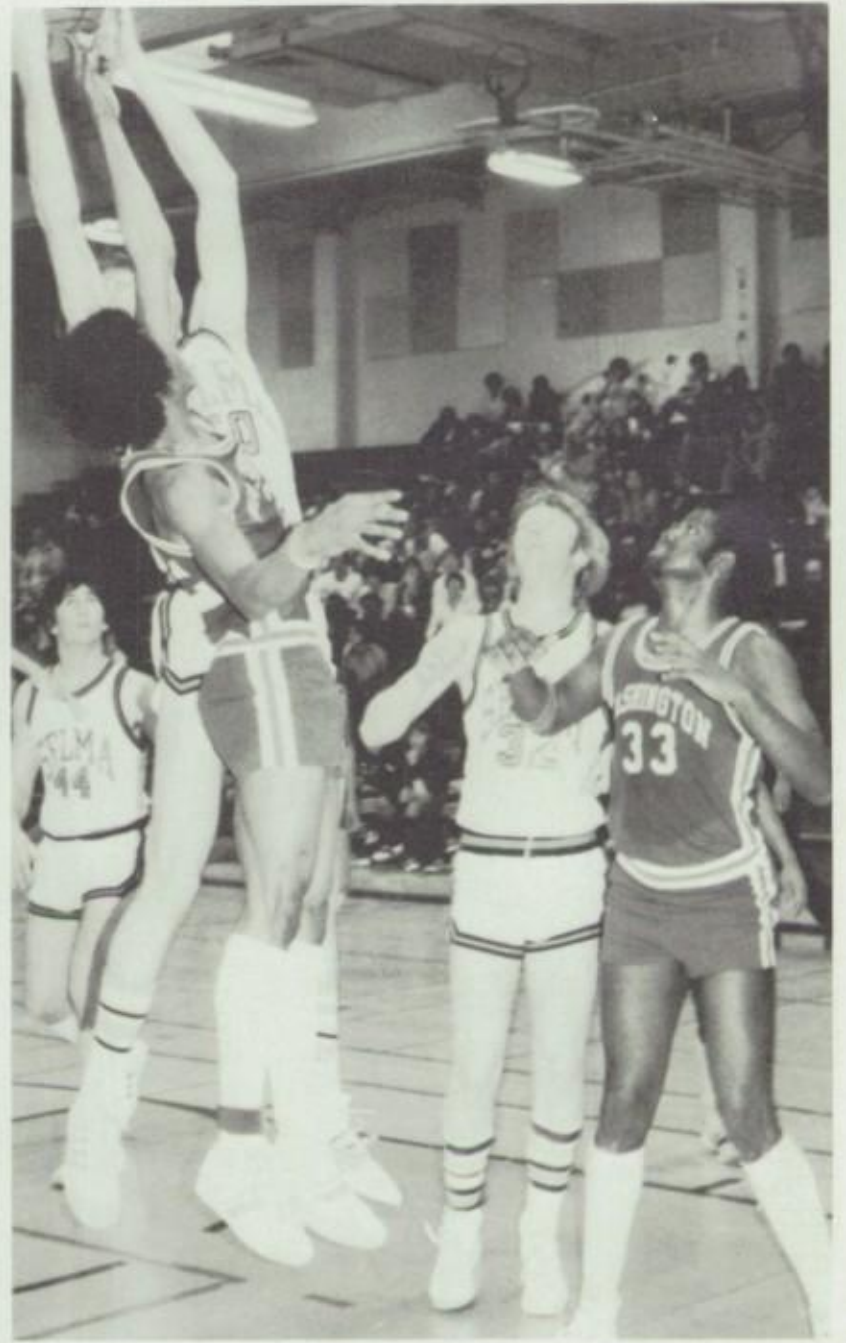

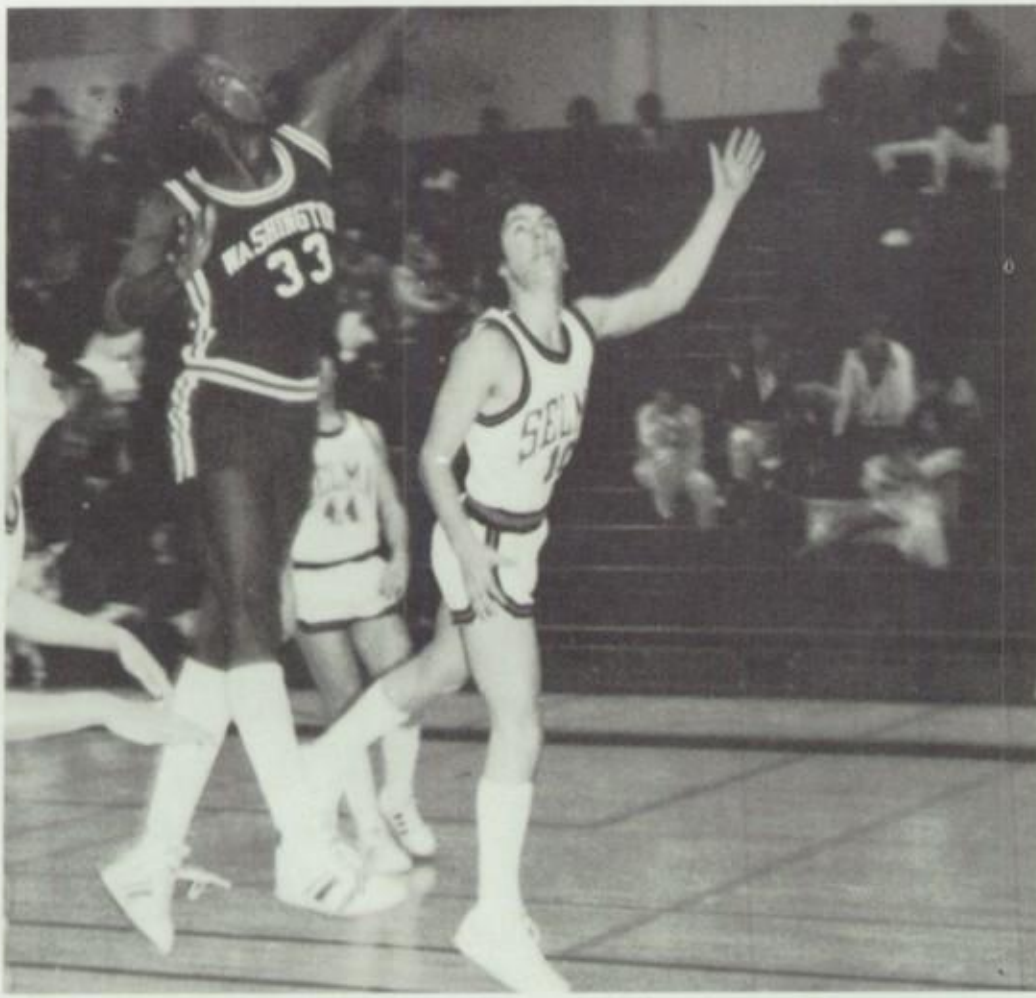

This year's varsity bears, coached by Denny Adams, improved greatly from the previous season. This year they recorded a 7-5 league and a 13-9 season mark. They were led by MVP Todd Santos. Other award winners included Phil Jackson, Dale Gillespie, David Shapazian and Jon Reip. The Bears' season was prematurely cut short when they lost a pivotal game to Washington Union by two points. However, the Bears played well in a season that can be considered a success.

The Bears suffered many key injuries and lacked wrestlers in the upper weight divisions. However, the remainder of the team performed to the utmost of their capabilities. Prospects appear bright for the future with many wrestlers returning from this year's team, along with wrestlers moving up from the junior varsity squad.

The object of the game is to get the frisbee from one side to the other without running, but passing it. When the opposite team catches the frisbee they cannot hold it but must drop it and then pick it up to gain possession. 15 seconds is the longest the frisbee can be held.

The 1981 JV baseball team had a successful year. The Cubs were skippered by first year Head Coach Andy Dominguez and assistant Ron Siebert. The Cubs played the season with the help of the freshmen team. The freshmen played their own games; however, when a game was open they combined with the JV's to form one team. The Cubs were led by returning pitchers, Tim Lane and Maurico Mariscal. They also were aided by returning shortstop Roby Santos.

The girls went into league undefeated with wins over Firebaugh and Kerman, and as of press time had won all league victory against Washington Union (4-1) and lost to San Joaquin (2-3).

For the first round, Anna Perez played first singles and Anne Dudley second singles, while Monica Delgado and Yvonne Sahagian made up the first doubles team. The second doubles team consisted of Laurie Zamora and Laurie Wafford, and Georgia Prieto and Elaine Renge played third doubles.

BOYS' TRACK

The boys' track team had a slow start with a loss against Sanger, but had a fair season. They had only three home meets, the first of which they won against Immanuel. The team, coached by Garney Meadows and Larry Kanagaki, did a fine job although they didn't have many kids on the team. They did well in the events they had people entered in.

SELMA HIGH GOLF TEAM

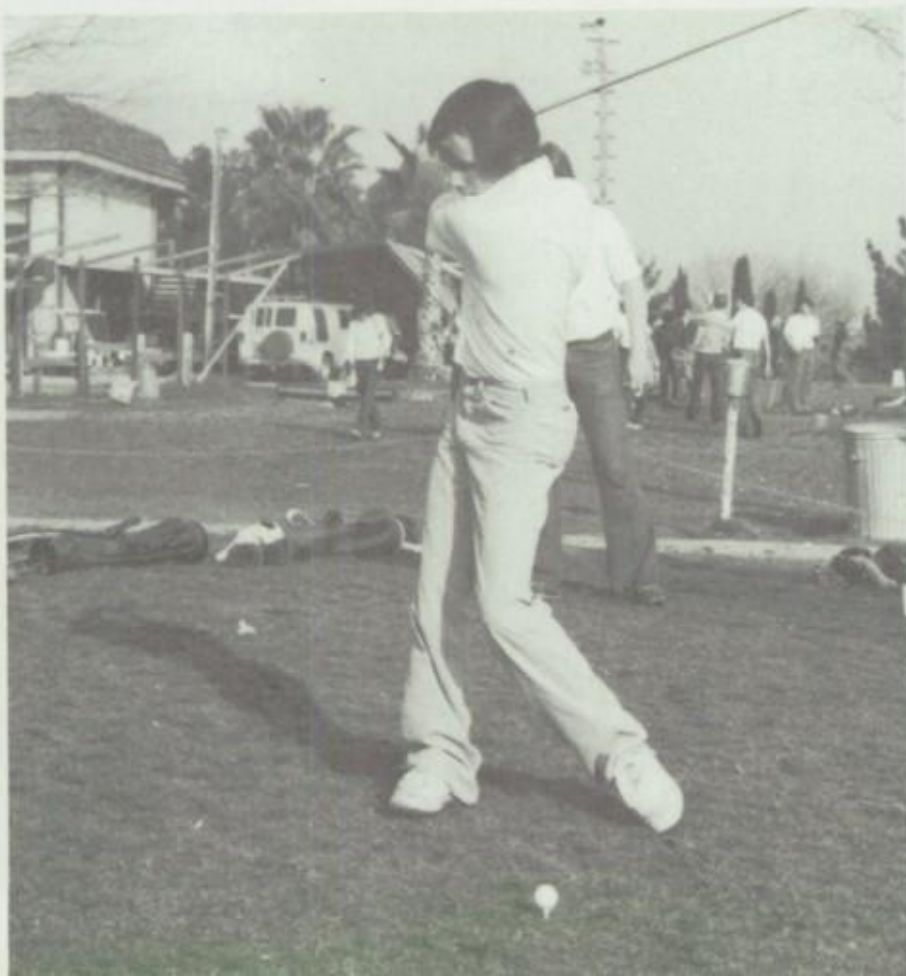

The 1981 golf team had seven varsity starters returning after a successful 1980 season. Up to press time the team had defeated Sanger 16-8 and Coalinga 22-2. Also, this was the first year in several that girls have gone out for the team, with all five placing on the ladder. The outlook for the season should be a very good showing in league.

The team is, from LEFT to RIGHT: Terry McKnight, Dale Gillespie, Ron Neufeld, Lance Whisenhunt, Julie Hardin, Jon Grilione, Mary Dudley, Kevin Koch, Paula Rima, Brian Forrest, Janine Whisenhunt, James Terry, Sandra Berry, Mike Fitzpatrick, Andy Hagen, Dave Shapazian, Ken Dodd, Mike Pavlovich, Duwayne Peterson and Sal Tromba. BOYS' SWIMMING

The Boy's Swim Team lost a few veteran swimmers this year but fortunately gained some recruits with high potential. Returning this year were Rod Menefee, Ron Kurisu, and Greg Kurisu, three out of the four boys that comprised 1980's 440 yd. freestyle relay team which placed 1st in league and qualified for divisionals. Through sheer strength and finely tuned strokes, the 1981 boy's swim team placed high in league with a few of its members going on to divisionals.

RIGHT, Coach Jill Shafer; BELOW, The 1981 Boy's Team consisted of (back row) Bret McArron, Tim Earle, Rod Menefee, Mike Payton, Richard Jorge, Tim Jorgensen, (front row) Greg Kurisu, Keith Kobashi, Ron Kurisu, and Artie Delgado.

GIRLS' SWIMMING

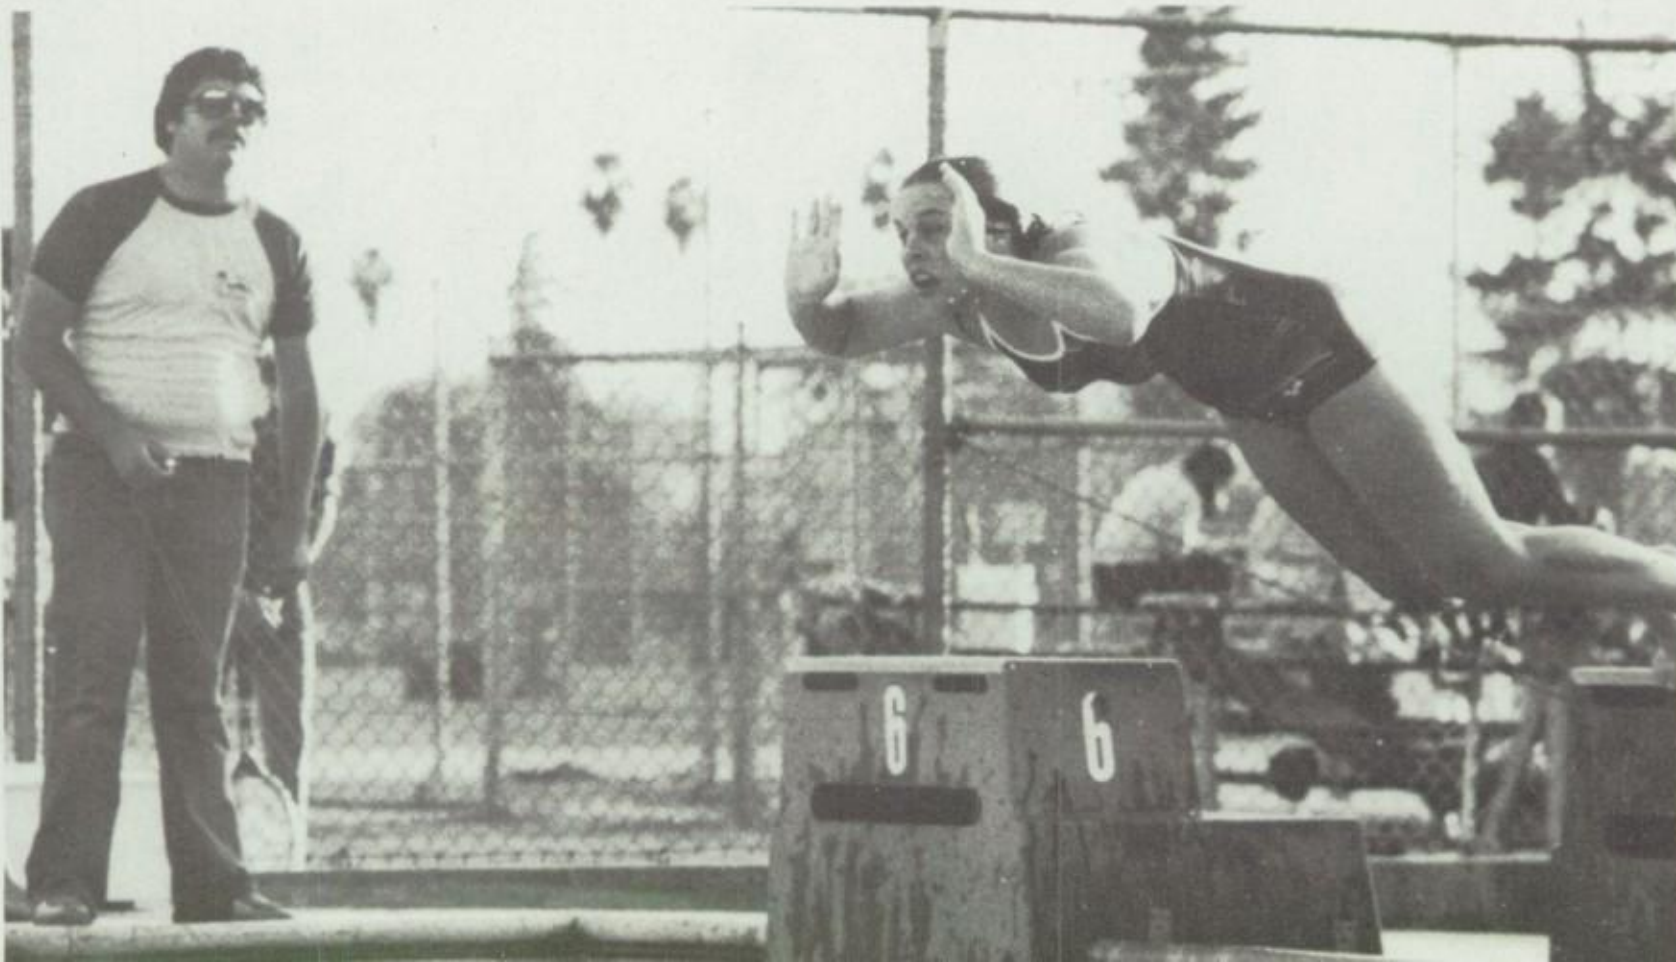

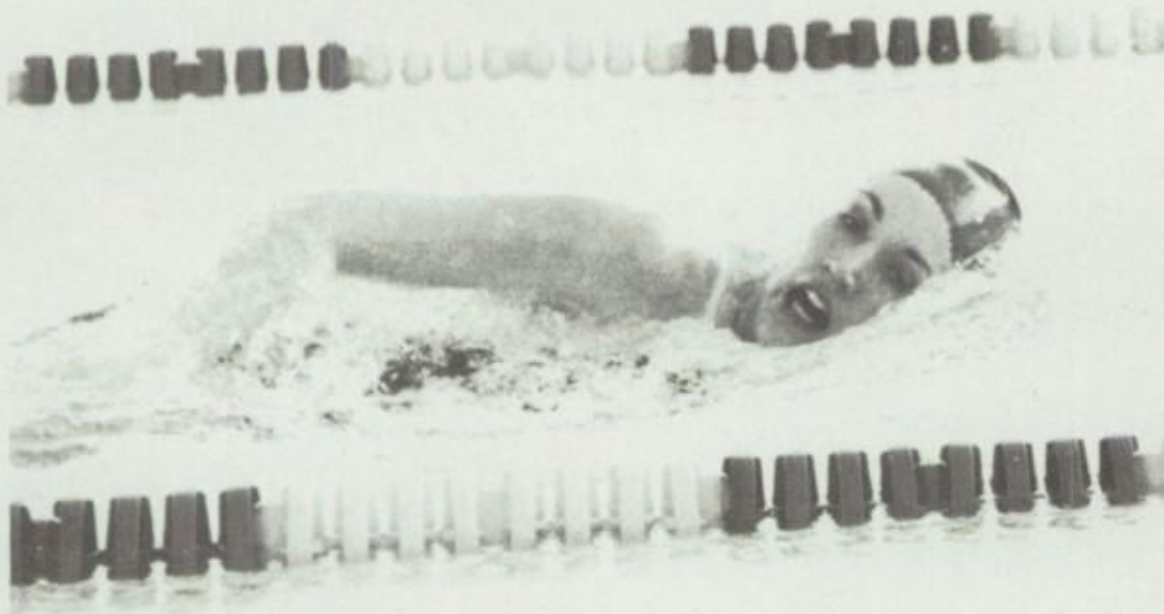

Selma High's girls swimming team might have been low in quantity but they were definitely high in quality. The recruitment of new swimmers was lacking this year, however, those that were new had plenty to offer the team.

While keeping an eye on the divisionals, the 1981 girls' team managed to smooth over the weak spots with their numerous strong points in order to place high in league.

DIVING

The 1981 diving season saw only two returning divers from 1980, Lisa Bedford who won league and divisional championships, and Mickey Duke who finished 4th in league and 3rd in divisionals. The majority of the team was comprised of inexperienced, but talented divers. With one year of experience behind them, Selma High's Diving team should be capable of capturing future divisional titles.

CLARION

The Clarion, Selma High School's newspaper, was a popular attraction during 5th period. Tina Paul, editor, Anne Dudley, assistant editor, and Ms. Uzunovic, advisor, led the 1980-81 staff through the various steps involved in producing a newspaper. Although every day was filled with finding facts, covering campus activities, and writing original editorials, the Thursdays before the Clarion was released were the busiest. It took concentrated effort to get weeks of work pasted-up in a few hours and rolling through the printing press at the Selma Enterprise before the Friday deadline. This year's staff did an excellent job on all fourteen of their papers that they produced.

STUDENT COUNCIL

The Executive Board, Senior, Junior, Sophomore and Freshman Councils, and Commissioners of various campus activities comprised Student Council. Each class had its own projects and goals which were approved by all council members. Student Council handled economic matters such as paying the bills and distributing funds. Members were appointed to committees to efficiently deal with Student council's responsibilities. Meetings were spent debating issues pertaining to Selma High, with each member voicing an opinion at one time or another. This Council proved to be an enthusiastic, capable group.

EXCHANGE STUDENTS

Last summer, I was fortunate to spend 11 weeks in Punta Alta, Argentina. I left June 14th to Miami, Florida for preorientation. We stayed at Miami University for three days before leaving for Argentina. The flight took about eight hours, with an hour lay over in Asuncien, Paraguay.

We (other AFS students) stayed in Bahia Blanca for two days for another orientation. On June 19th, my family picked me up. From then on it was a wonderful experience.

About two weeks after I got there we went to Cordova, another providence in Argentina. We stayed there for about 10 days. We were all on our own. There was about 15 guys and 15 girls with 3 mothers.

The stay there seemed to pass by quickly, but I'll never forget each and every moment I spent there. It's a time of my life that will always serve.

I'd like to thank everyone who made it possible for me to go, because now I have two families that I love a lot.

Ilan Sharon from Israel

I come from Israel, the land of the Bible, a small country in the Middle East.

During my six months in Selma I've learned many new things. I've gotten use to a new way of life and a completely different educational system.

I think I'll never forget this great experience I had here in Selma. I especially enjoyed talking with different people in town, whom I found very friendly. Between the other things, I enjoyed here were the football games, the Marching Band Festival and other school activities.

I hope one day I'll come back and visit Selma and until then I would like to thank everybody who made it possible and gave me the opportunity to stay here in Selma and special thanks to my host family - the Kochs.

Sincerely,

Ilan Sharon

Mr. Gerald Young-Choir Director

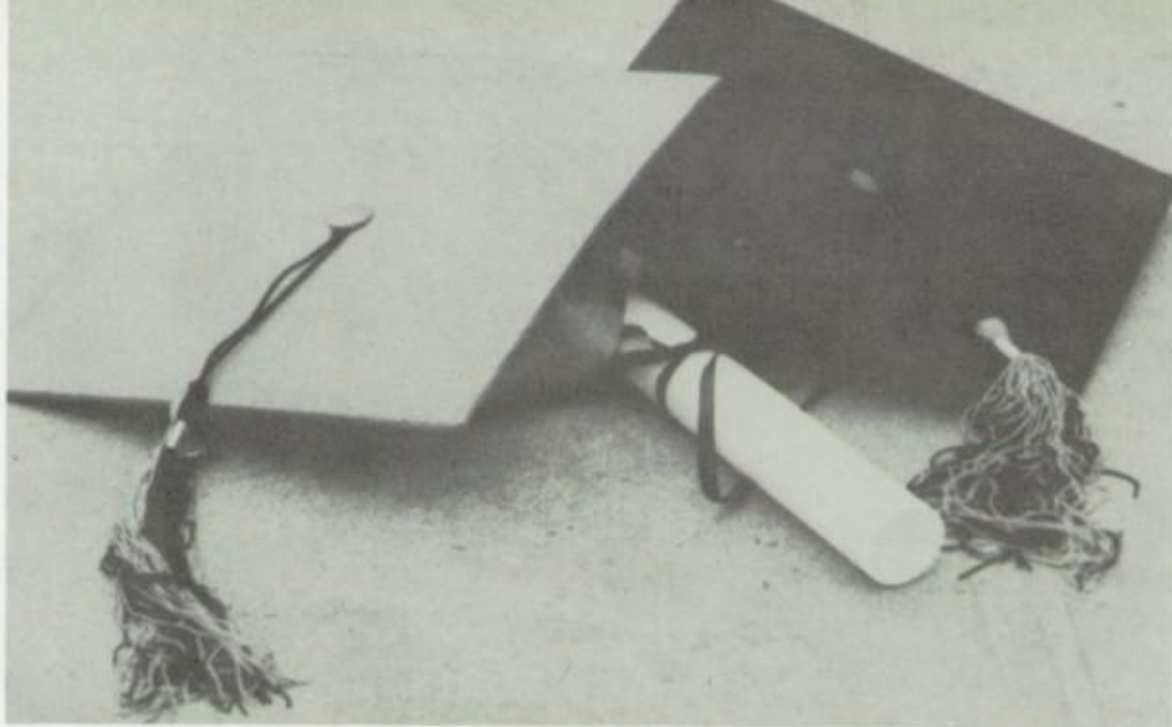

Mrs. Betty Morris-Pianist

OUR 4 YEARS . . .

The Class of '81 has many claims to fame, such as the first Valley Football Championship in years. Like the other Senior classes of years gone by, the 1981 Seniors started out as lowly freshmen. We sat on the floor in the days when sophomores and Seniors could throw pennies and M&M's at us and get away with it. Thankfully we weren't sophomores for very long

(can any tenth grade class spell 'sophomores' right during class competition?) We were the first class that was required to take only two years of P.E. and when we were sophomores, Prop. 13 cut off towel supply so we didn't have to shower—another requirement bit the dust. We had to take those competency exams in order to graduate, and all kinds of other neat stuff. They had to hire extra campus control aides to keep us in line when we were juniors Nobody seemed to know our campus was closed—not when McDonald's and Me 'N' Ed's opened—the first in Selma, compared to the food on campus, who could resist? Especially when Pepsi and junk foods were banned. It was tragic. Some of us felt we couldn't go on. Our Senior year brought some good things—we were allowed to bring radios and cassette players and it was a year for AC/DC—everytime you turned around someone was cranking up "Back in Black", "Hell's Bells", or that classic "Highway to Hell". We saw the passing of outdoor classes while roofs were being repaired, the decline of of summer school as it was, and who could forget the great locker-break-in of '81. Then there were the teachers (refer to faculty section). At one time or another, we had those teachers. A few were easy. A few were hard. The rest were indifferent. A Senior year is a unique experience, whether you stood around in the plaza or in the halls, in the cafeteria or the library, or whether you just didn't know where your head was at. Senior year was the greatest, because it meant that in just ten short my-how-time-flies months we got to say a "fond" farewell to Selma High and move on to bigger and better things. Like sleeping or just hanging out. But there'll always be a place in our hearts for Spring Week, the joke of the day, and words like "awesome" and "bonacious". And who knows? Years later we may think back on our high school days and think, "Man, we were fools" and be so embarrassed we have sudden stroke and have to be taken into the intensive care ward. Let's just say high school was confusing, a lot of times no one knows what we were doing or where we were, we got tests and all sorts of anxiety-causing traumas thrown at us, and none of us are in strait-jackets yet (I hope—though some of our classmates should be), so I guess we all came out all right. congratulations, those of you who have made it this far. You are the Class of '81—you are survivors.

Junior Council consists of; left to right, Liz Tellez, Senator, Sally Montemayor, Sec/Treasurer, Kathy Thornburg, V. President, and Mike Pavlovich, President.

The Juniors, a highly spirited and involved class, made the best of every minute of their first year as upperclassmen. Knowing that one day in the near future they would become Seniors. The Class of '82 proved to be very productive while working together. Raising money for the prom that they would sponsor in May proved to be their most important task.

Don't be shy.

The Sophomore Class, the Class of 1983: an amazingly spirited class that came out of no where. Our class' main accomplishment this year was to put on the Christmas Dance. Fund raisers were held to make money for our future responsibility, the Junior-Senior Prom. The class of '83 is already promising a great prom.

FRESHMEN COUNCIL consists of, left to right: Kathleen Watts, Senator, Angel Landin, President, Stacie Grijalva, Sec./Treasurer, Jesse Gaitan, Senator, and Denise Cardoza, Vice President.

The freshmen class struggled through their first year at SHS, fighting off the insults thrown at them. They gained valuable experience for their future at SHS with their fund raisers and class projects. One of their most successful projects was the class float, which received second place in the homecoming festivities.

EXCHANGE STUDENT

This has been one of the greatest years of my life. I will never forget this nice community because the people were so friendly.

Here I have learned so much about a new culture, about people with different ways of living with different backgrounds, and I have learned a lot about myself also. Through this experience, I have had the opportunity to learn what the words, communication and understanding mean. In other words it has been an unforgettable experience.

I would like to thank all for what you have done for me. Especially my family, Mr. and Mrs. Martzen, and I hope to come back some day.

Sincerely,
Marcos Cerna

MAGNET ARTIST

Jackie Smith is the artist of the Magnet cover and did all the artwork inside of the book. Jackie was a great person to have on the staff because she not only has fantastic talents, but is creative. In September when we assigned her the difficult task of drawing a cover for the Magnet we really didn't have any ideas, but she came up with a cover that we liked immediately. Jackie is also a talented writer and wrote much of the Magnet copy, including the Senior copy. Jackie maintained a 3.7 grade point average throughout high school and is planning on attending Fresno State University. She has no definite career plans, but art might figure into them. Jackie's talent was evident even in grade school when she won first place in a Women's Club art contest in fourth grade. Jackie also placed second in a Bicentennial poster contest, winning a TV.

BOARD OF TRUSTEES

The Board of Trustees have done an excellent job in keeping the school district operating smoothly.

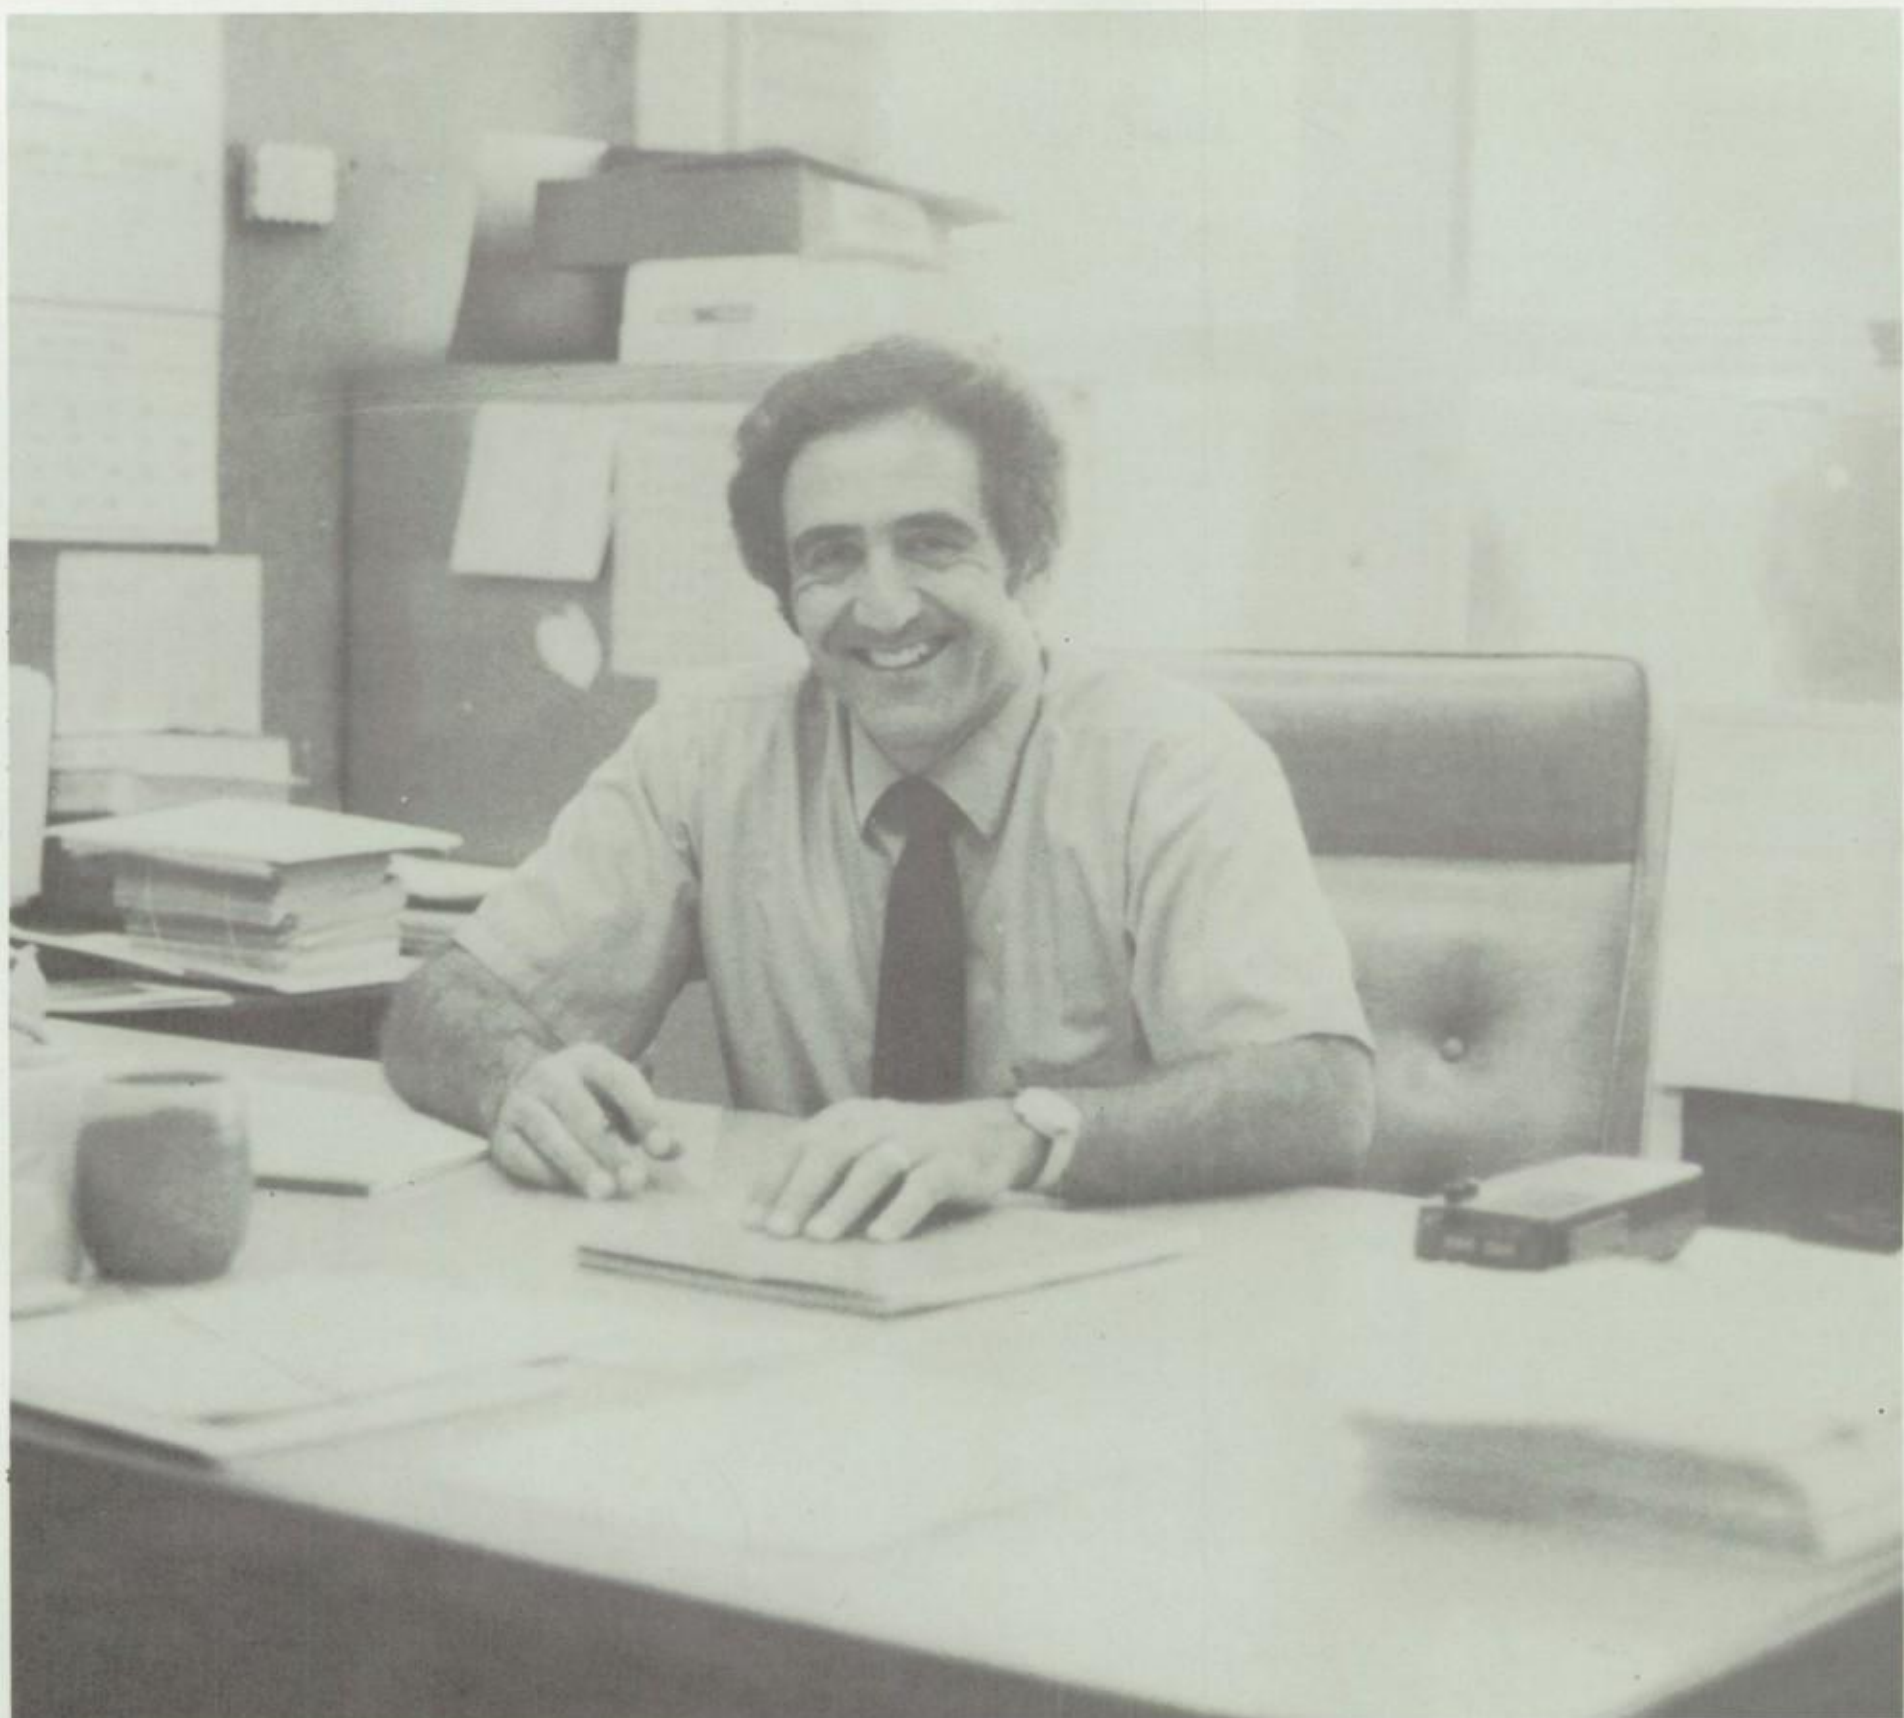

Although they faced many difficult problems, especially in keeping a balanced budget, these men have done everything in their power to make 1980-81 an educational year for the students of Selma High.

Allen Aubuchon, Student Member to the Board

BACK ROW, Left to Right, Dr. Steve Bojorquez, spring semester superintendent, Allen Aubuchon, Student Member to the Board, Dr. Bob Blancett, fall semester superintendent, Roger Krouskup, Board Member. FRONT ROW, Jim Stephenson, Board Member; Don Tow, Board Member, Bob Peterson, Board Member, Ed Savage, Board Member.

The class of 1981 has proven throughout their four years at Selma High School that they are capable of social and academic change adjustment and production. This class has been involved in a positive community relations program while they were students at Selma High School, and should prove to be productive community members in future years.

The staff and faculty of Selma High School have been privileged to spend four years with these young adults, and wish the entire class future success in all their personal and professional

Many of us grumbled about the homework, the tests, and the enforcement of rules (absolutely no standing on benches or sitting on bench backs) but we are learning and have learned a lot from our teachers at Selma High. The four years we spent at Selma High are a crucial part of our growing up. Our teachers helped us mature, not only mentally, but also emotionally and we appreciate them.

EDITOR'S PAGE

The 1980-81 Magnet staff has one final question to ask Mrs. Mats, and it's not "How do I type this up?" or "Where's that football picture?" We want to know how you stood us all year!

We were an inexperienced bunch of students trying to put together a yearbook, and poor "Mama Mats" had to cope with all our rowdiness for many months.

There were many unforgettable times, like those weekend sessions and our secret stash of Oreos and Pepsis. And there was plenty of teasing and laughter mixed in with the work. (Dean, what did you REALLY do that night you spent at Trish's?)

I, for one, will never be able to forget my nickname, thanks to the staff, and Erin and I grew to wish we'd never met the "really nice guy" (Mat) because the news became the staff's big joke.

Our staff was a mixture of students all hard-working. The two Kathys laughed from deadline to deadline, but managed to get their pages in. Eddie, another junior, came into the class as a nice reserved guy, but we soon found out his mischievous side. Jeff was our ad man whose "favorite" thing to do was take ad pictures at the businesses again and again and again . . . Kenny (Mr. Photomat) added class to our group with flowers and especially the liquid refreshment! Dean was a guy you had to watch out for. He always had a ready comeback to any remark you made.

During the second semester when Rod, who added his much needed photography skills to the class, and Darrick joined the staff 6th period became decidedly rowdier. Poor Darrick was the victim of the Rod, Kenny and Dean gang and was lucky to still be alive at 2:55.

"Ricky" was another big teaser who just loved to flip those plastic rulers. Jackie was our artist, and what would we have done without her! She also drew a lot of layouts and wrote fantastic copy.

I had to talk Cindy and Erin into taking the class, but they were a great help from the beginning. Remember Fred, our favorite photographer? Cindy, I still think you should have taken your Senior picture with that rose in your mouth. And Erin, the pink fur would have been so becoming . . .

Yes, there were many fun times as well as harrowing. We thought the Senior pictures would NEVER come. And what about those "wonderful" homecoming pictures?

But we made it through, and I hope everyone enjoys the 1981 Magnet. Thank you very much, staff, for putting up with me. I know it was hard because I didn't know the answers to a lot of your questions. And thank you, Mrs. Mats, for all the hours you spent working after school and at home, and for making us work, but letting us have fun doing it.

Special thanks to the following people:

Mr. and Mrs. Lee Ault for valuable cleanup help with the backroom.

Mr. Jim Chesebro for taking pictures.

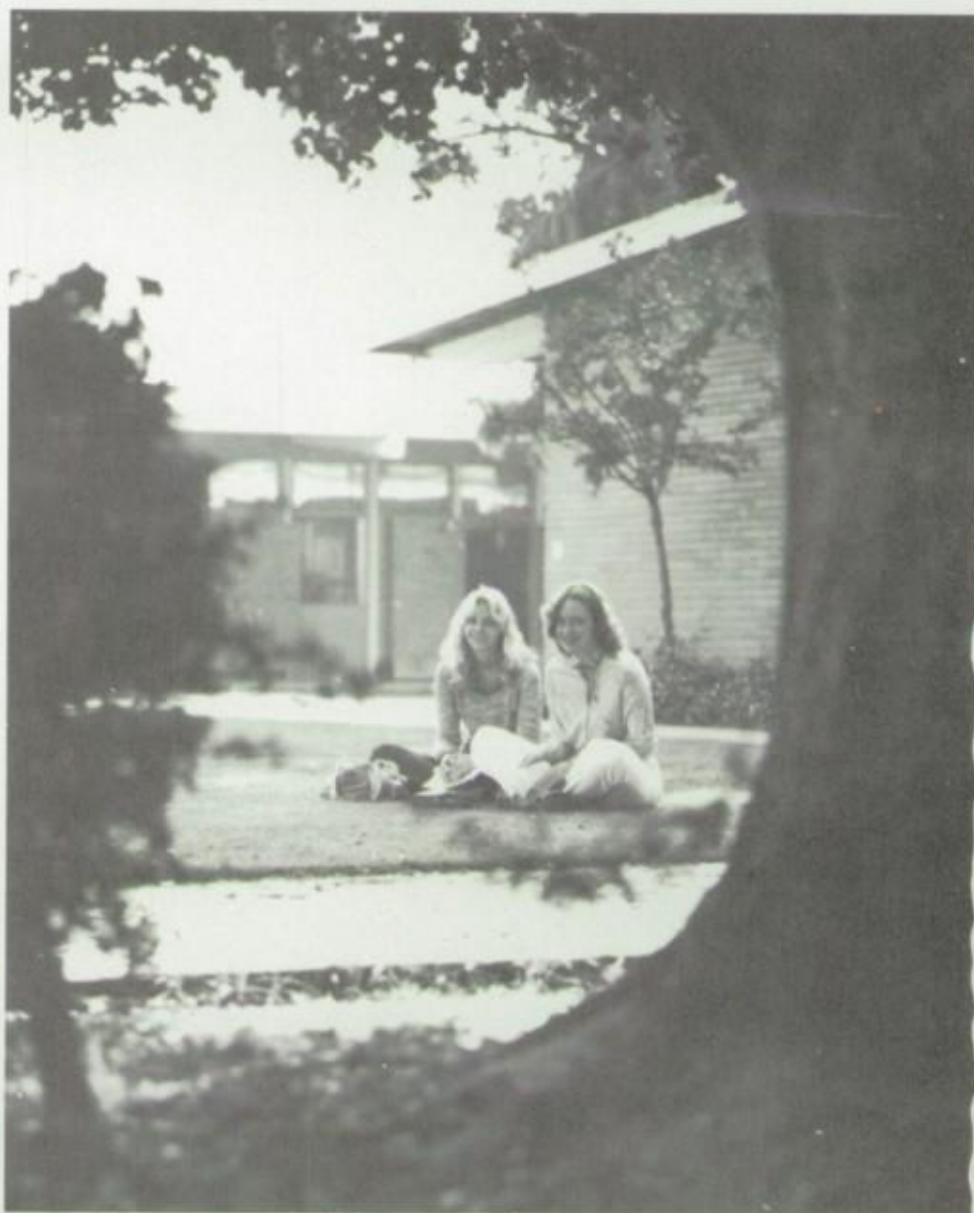

Color Gallery for developing pictures FAST.

Mrs. Jennifer Earle for advice, support and just plain HELP when we needed it.

Mr. Dennis Green for taking ad pictures.

The Selma Enterprise for desperately needed photographs.

Yary Sports Photography for the use of the football picture negative.
